Bluetooth devices are not permitted during your exam. Please turn the Bluetooth setting to **OFF** on your computer or laptop and disconnect any Bluetooth devices. If Bluetooth is not disabled and devices are not disconnected, this could interfere with your camera and/or microphone.

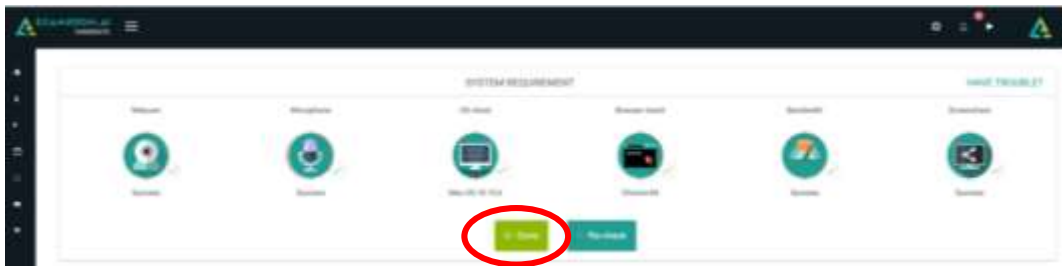

## Run a System Check

Prior to exam day you must complete a **System Check** to ensure your computer and location are setup appropriately. Computer requirements: laptop or desktop with 1 screen, front-facing camera, microphone, power cord, a minimum of 3Mbps upload speed, and a stable internet connection. ExamRoom.AI will access your camera and microphone for the entirety of your exam appointment.

2.) A pop-up will show the progress of the System Check for the various components tested on your system:

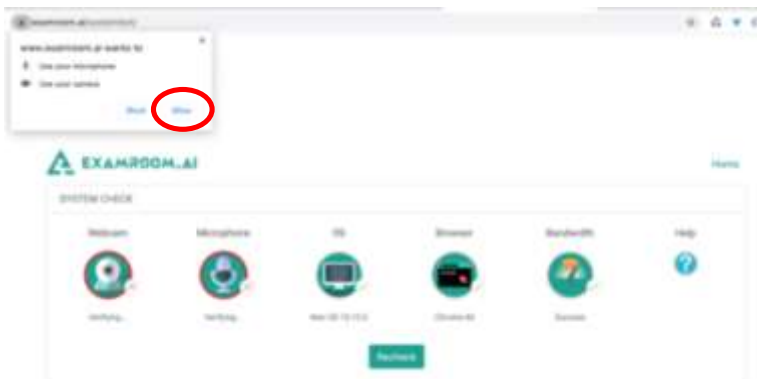

3.) If all of the checks are green, your system has passed the system check and you can click **Done**.

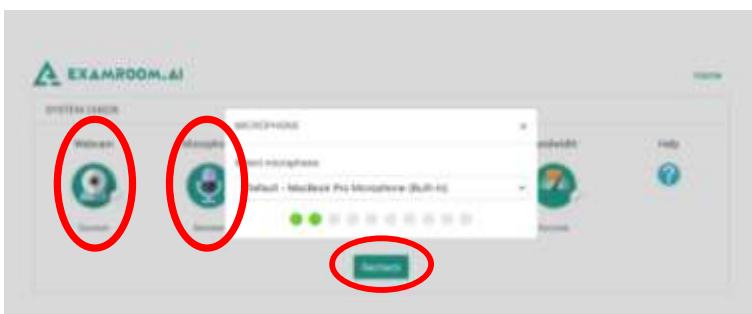

## Issues During System Check

If your camera or microphone is not working, click on the icons to change which one you are using:

1.) **Allow** access to your camera and microphone:

2.) Click on the **Webcam** or **Microphone** icon to change the settings (default is usually the proper setting, but if you have a Bluetooth device for either, it will not work):

3.) After you have allowed access to your camera and microphone and chosen the correct option, click **Recheck** to run the System Check again.

## How to Reduce Internet Issues

During your exam, it is possible that you may be disconnected based on the strength and speed of your internet. Here are some tips to help reduce the issue:

- Turn off all devices connected to your Wi-Fi during the course of the exam
- Try to sit as close to the modem/router as possible
- If you are able to, plug into the modem/router via an ethernet cord

## What to do if you get disconnected

If you are disconnected during your exam (due to internet, loss of power, laptop battery drained, etc.):

- Please contact us **immediately** at either: 877-848-EXAM (3926), [support@examroom.ai](mailto:support@examroom.ai), or <https://examroom.ai/> Chat box (preferred for fastest response) and provide the agent with your name, email, call back number, the exam you were taking, and inform them that you were disconnected from the exam.
- The agent will reschedule the exam to start right away, you will log back into ExamRoom.AI, and the exam will be listed again for you to click **Start Exam**. You will perform a room scan (for security purposes).
